### “If there is spiritual maturity in your life, there will be evidence of it.”

What does it look like when I am maturing in my spiritual life and in my walk with God? How does maturity display itself in my love for God, my service to God and others, my prayer life, my eternal perspective, my self-discipline, my knowledge, my purity, my faith, my spiritual leadership, my worship, my relationships and even my emotions?

We hope you will join us each Wednesday this summer to learn and grow from the teaching of God’s word and be challenged to examine your life to look for “Signs of Spiritual Maturity!”

Theme:

## *“Signs of Spiritual Maturity”*

Maturity is a growth process that is not always easy to see because it happens gradually. But there are definite signs of maturity that show we have made progress. In our spiritual lives, there are signs we can look for that give evidence of that maturity. The lack of those signs can show that there are areas of our spiritual maturity that need attention. This series explores various areas of our spiritual lives and signs we can look for in each of them.

*There will be classes for children up through 6<sup>th</sup> grade during each session.*
